Special Issue on Cenozoic Volcanism, Tectonics and Natural Resources in the East Asia.

Due to a production error, the following article "The Keelung Submarine Volcano in the near-shore area of northern Taiwan and its tectonic implication" was wrongly included as part of the issue JAES_135C. This article is now replaced with this note and will be included in the special issue Cenozoic Volcanism, Tectonics and Natural Resources in the East Asia [SI: East Asia Tectonics & Resource].
